Sleepwalking, also known as somnambulism or noctambulism, is a phenomenon of combined sleep and wakefulness. It is classified as a sleep disorder belonging to the parasomnia family. It occurs during slow wave sleep stage, in a state of low consciousness, with performance of activities that are usually performed during a state of full consciousness. These activities can be as benign as talking ...

### **Sleepwalking - Wikipedia**

Sleepwalking, formally known as somnambulism, is a behavior disorder that originates during deep sleep and results in walking or performing other complex behaviors while asleep.

### **Sleepwalking Disorder Causes & Solutions - National Sleep ...**

Sleepwalk is slightly better than Strikes Twice thanks in part to the absence of Larry Carlton's toneless singing. "Last Nite" and "10:00 P.M." have become staples in Carlton's live set. The legendary Carlton feel is evident throughout this session, but "Blues Bird" stands as the high-water mark. "Sleepwalk" is played beautifully, almost preventing the listener from noticing the sap-heavy ...
